

QUIKLEVEL ADVANCED

THE INDUSTRY-EXCLUSIVE DUAL OSCILLATING AXLE OPTION FROM JLG

QuikLevel Advanced allows the machine to level on side slopes up to 4.5° while allowing the operator to drive while fully elevated on constant terrain.

This innovative solution increases productivity and comfort at height and is only available on JLG RT scissor lift models (RT2669, RT3369, RT4069, RT4769).

Target Applications:

- Facade work
- Parking lot construction/maintenance
- External building maintenance
- Under bridge work
