

Purchase Orders and PO Maintenance

Instructions

Supplier will use these instructions to view and respond to Oshkosh Corporation purchase orders (new and change) in the Jaggaer Supplier Portal. Purchase orders are generated within Oshkosh’s respective ERP systems and transmitted electronically into the Jaggaer supplier portal. Suppliers are expected to respond to all orders (accept/change/reject).

1. Jaggaer will send an automated email notification anytime a new purchase order is transmitted. Clicking on the link will first take you to Jaggaer login and then to the order summary page.

- a. You can also get to the order summary by selecting the **SCM** icon from the left menu, **Direct Purchase Orders**, and then **Order List**.

2. To view the log of changes to an order you can select the number in the changes column (if present) to view the details.

<p>3. To view and respond to a Purchase Order; on the desired purchase order in the list, select the folder icon in the Menu column</p> <ol style="list-style-type: none"> This applies for both new PO's and Change orders 	
<p>4. The Purchase Order will open up in a new window</p>	
<p>5. Quantity - You can input a quantity that is different from the quantity on the PO. This will be limited to a tolerance set by Oshkosh. Any proposed quantity that is greater than a 999% increase from the original quantity will require an updated PO to be sent from your buyer.</p> <ol style="list-style-type: none"> A line quantity can be split multiple times by selecting the icon located under Net value column If multiple lines require a split, click for each line before entering new quantities If need to remove an added split line you can select the icon on the line
