

Supplier Partners,

Our migration to TMC, Navisphere 2.0 is live! Please ensure moving forward you are utilizing Navisphere 2.0 to enter your shipments.

When utilizing this new platform TMC suppliers will no longer need to enter ASN information in Jaggaer.

**\*EDI suppliers are excluded from this process and should utilize the manual entry feature in 2.0 or the current TMC platform.**

Below is a link to the training. Password is OshkoshTMC1. Work instructions are posted on OSN. Link to training: <https://mytmc.vids.io/videos/1190d2bc1a1cedca98/navisphere-pom-supplier-training-video>

Please select one of the below hyperlinks to register for Q&A sessions. All training times are in CST.
